# JETech Offerings

- Animatronics: Lifelike characters that bring stories to life.

Combining state-of-the-art technology with expert design, this virtual creation showcases our commitment to pushing the boundaries of innovation in themed entertainment.

Behold the beauty of our fully realized animatronic bird! With lifelike movements and intricate details, it's a testament to our dedication to creating immersive entertainment experiences.

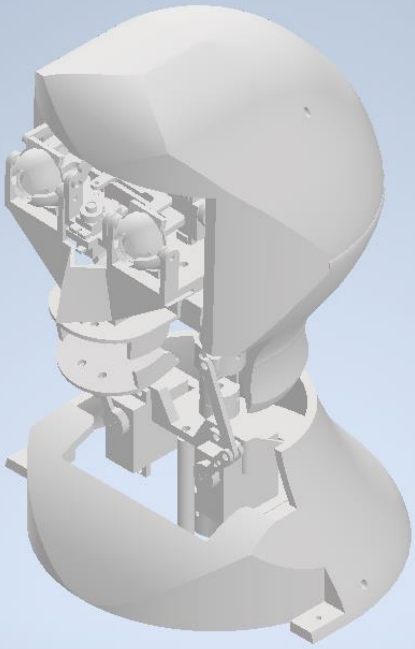

Explore the inner workings of our animatronics, where cutting-edge technology meets precision engineering. Every component is meticulously designed to bring our creations to life.

Experience the magic of live entertainment with our animatronic birds taking center stage. These lifelike creations captivated audiences with their mesmerizing performances, showcasing the power of our immersive animatronic experiences.

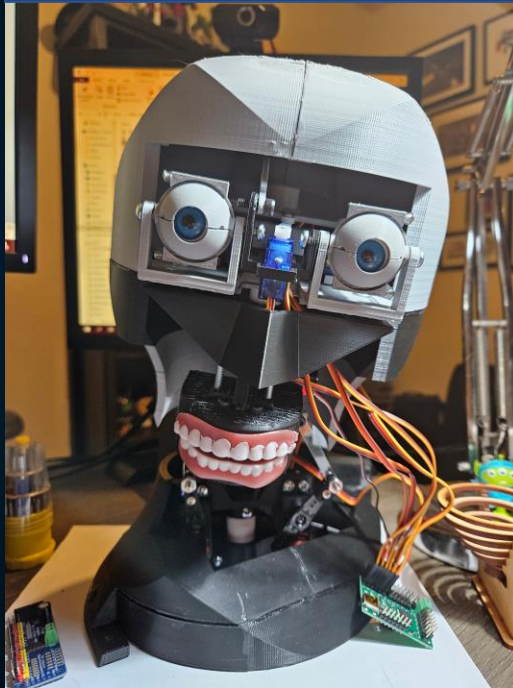

# JETech Offerings

- Animatronics: Lifelike characters that bring stories to life.

From concept to creation, witness the intricate design of our animatronics, where every detail is meticulously crafted for lifelike expression.

See our vision come to life! Our animatronics captivate audiences with lifelike movements and expressions, blending technology and artistry seamlessly.

This is the completed animatronic character, with prosthetics and latex covering. This meticulous attention to detail brings our creation to life, enhancing its realism and immersing audiences in a world of wonder and imagination.

Where we soar to great heights

# JETech Offerings

- Projection Mapping

JETech offers Projection Mapping Services that include everything from projectors, animations, and video controllers for seamless integration.

All animations and sequences are generated in house and coordinated with our internal team. We rent and sell Projection Mapping Installations.

# JETech Offerings

- Interactive Experiences: Games and moving elements can be added to any environment.

The interactive wand experience can be used to bring any of your characters to life.

Lighting and Sound makes the experience fully immersive and captivates guests of all ages.

# JETech Offerings

- Themed Entertainment: Immersive environments designed to transport visitors to new worlds.

Step into a world of wonder with our themed entertainment experiences. From captivating visuals to enchanting sounds, we create immersive environments that transport visitors to new worlds, igniting the imagination and leaving a lasting impression.

Experience the magic of our automated show, where imagination comes to life with animated figures and dynamic lighting effects. Designed to captivate audiences of all ages, this immersive experience showcases our commitment to innovation in themed entertainment.

Lose yourself in a realm of imagination and wonder, where every corner holds a delightful surprise. Each scene is carefully planned and executed with precision, ensuring a captivating experience for all who visit.

# JETech Offerings

- Special Effects: Exciting visual and auditory effects that enhance the experience.

Our custom controllers serve as the backbone of our special effects, allowing us to precisely control every aspect of our shows. Designed, built, and rigorously tested in-house, these controllers ensure seamless execution and an unforgettable experience for our audiences.

Behind the scenes, our specialized equipment powers the magic of our shows. From custom lighting and sound effects to the seamless operation of our automated features and animatronics, our state-of-the-art equipment enables us to create immersive experiences that captivate and delight.

# JETech Offerings

- Attractions Development: Interactive adventures that engage the senses and spark the imagination.

Step into the envisioned charm of our conceptual farm-themed walk-through attraction. Designed by our interior art department, this immersive experience offers a glimpse into a rustic world-in-progress, where the beauty of a farm setting is beginning to take shape, sparking anticipation and excitement.

Embark on an evolving journey through our conceptual medieval town-themed walk-through attraction. As a work in progress, this immersive experience unveils the richly detailed environment and potential attractions of a bygone era in the making, promising adventure and discovery as it continues to evolve.

# JETech Offerings

- Attractions Development: Interactive adventures that engage the senses and spark the imagination.

JETech provides concept work and storyboarding for every experience. You can see the concept work of the proposed attraction before a 3D environment is rendered.

JETech helps you work through each phase of your project providing concepts, 3D Renderings, and Storyboarding of each experience we work on.

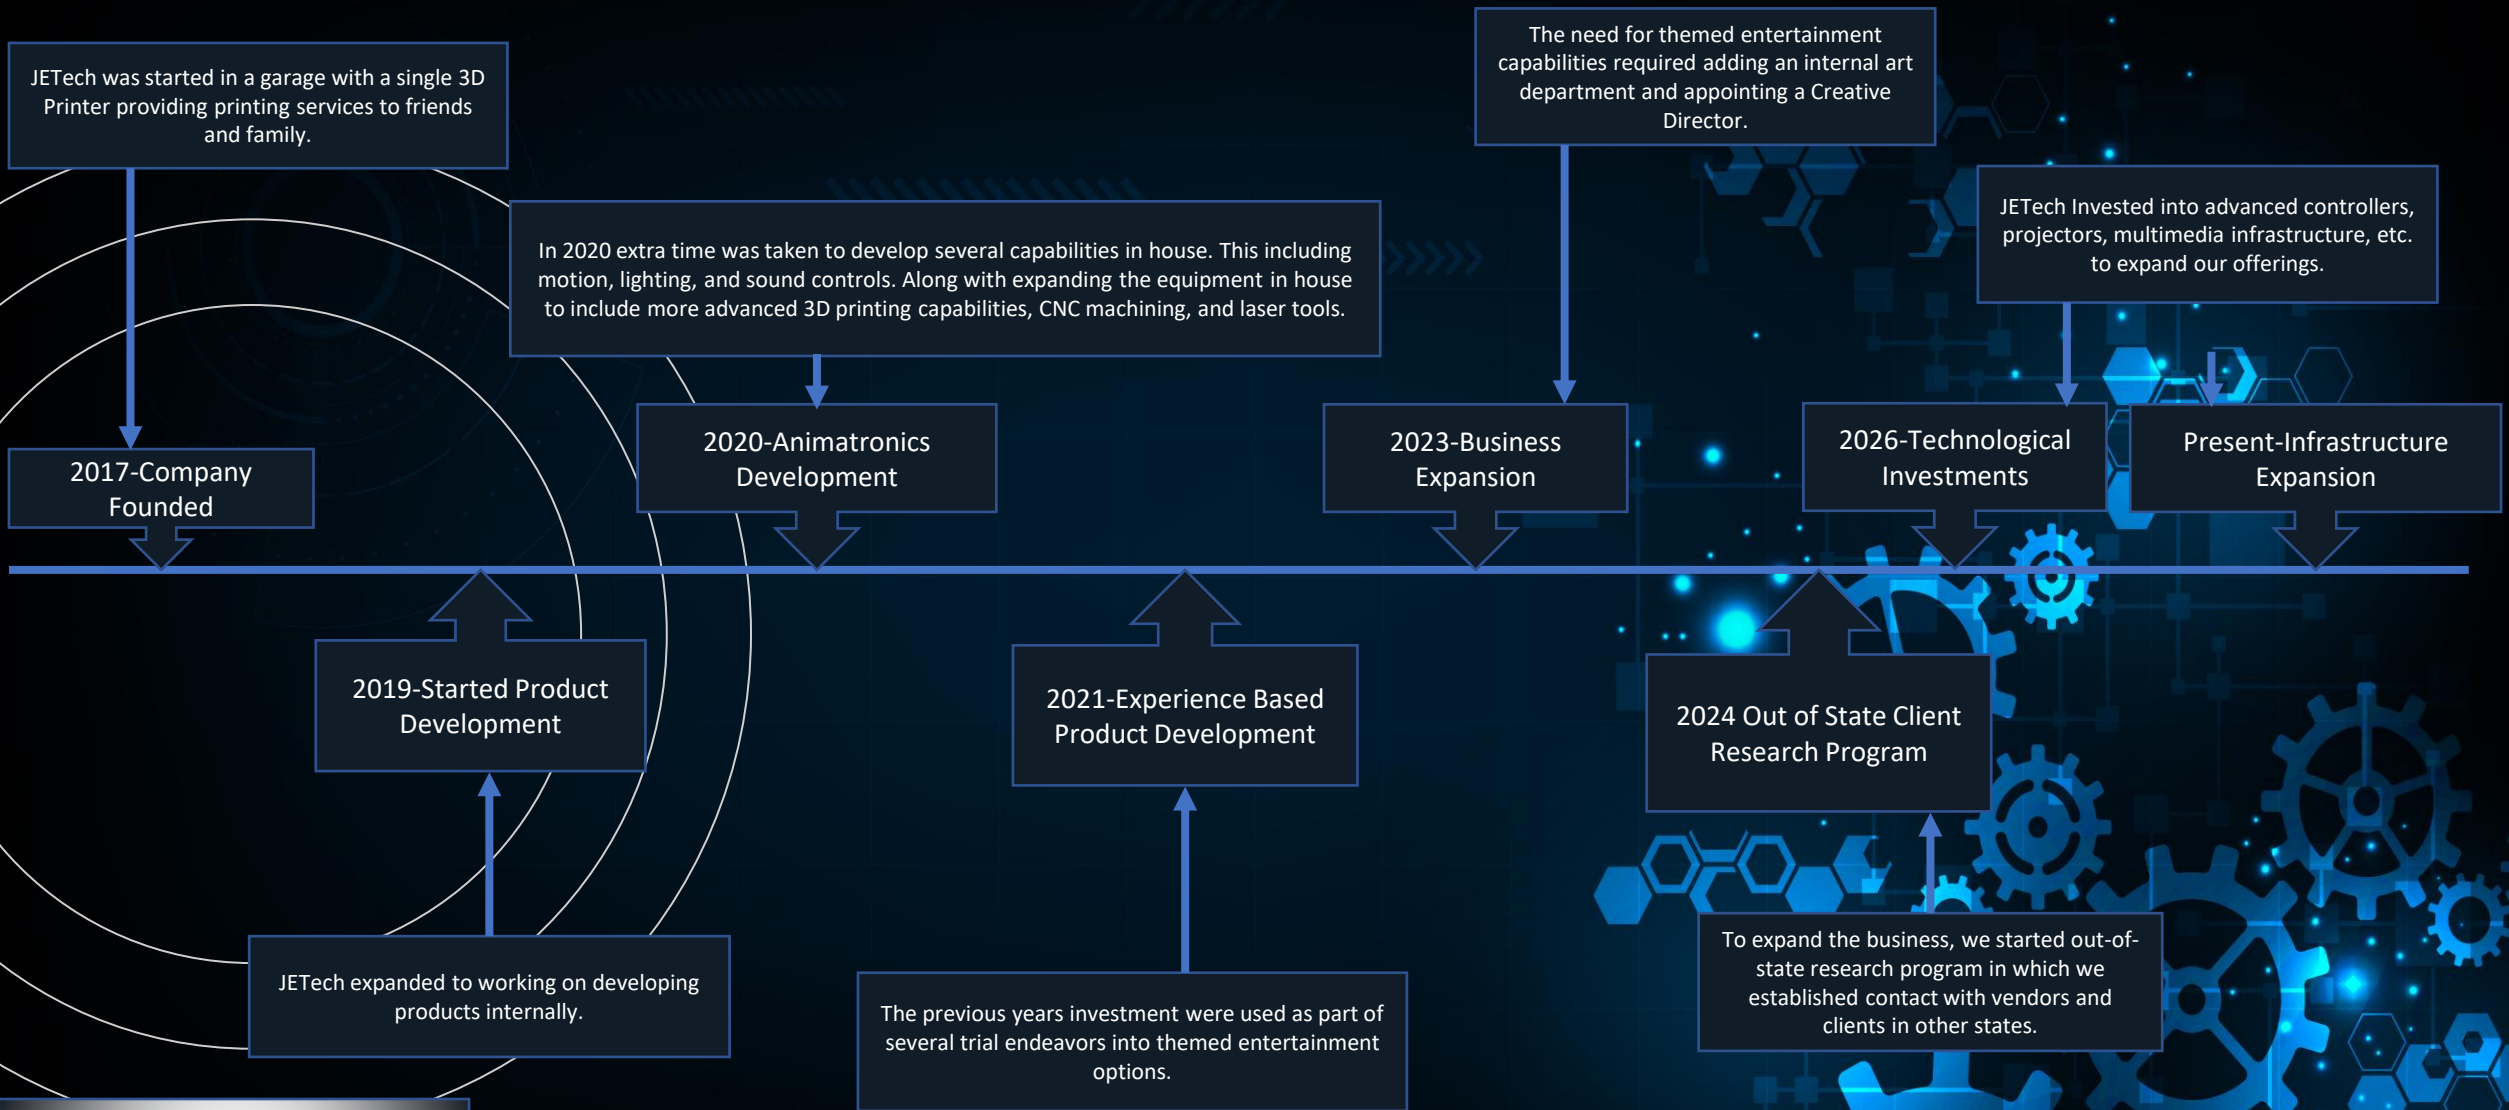

# Target Market

- Families seeking engaging and memorable entertainment experiences.
- Theme parks, museums, entertainment venues, and event organizers looking to enhance their offerings.

## Competitive Advantages

- Expertise in merging technology with entertainment to create unique experiences.
- Focus on family-friendly content and safety.
- Customization options to tailor solutions to the needs of each client.

# Timeline

# Future Goals

- Continued innovation in themed entertainment and technology.
- Expansion into new markets and industries.
- Strengthening partnerships and collaborations.

# Thank You
